

2) write a shell script to find the sum of even numbers upto n using loop.

```
echo "input upper limit:"
```

```
read n
```

```
i = 2
```

```
while [ $i -lt $n ]
```

```
do
```

```
sum = $(($sum + i))
```

```
i = $(($i + 2))
```

```
done
```

```
echo "sum:" $sum
```
